

Diana By The Moon

*He is Arthur's man. His duty is his life.
She fears and mistrusts him.*

*The only way they will
survive is to work together.*

Diana -- a fiery kitten of a Roman woman, who hides a terrible past, and struggles to lead her people on a desperate quest for survival against famine and Saxon raids, unable to trust anyone.

Alaric -- proud Celtic warrior and trusted lieutenant to the upstart British leader, Arthur, who must overcome his hatred of Romans if he is to fulfill Arthur's ambitions in the north.

A haunting tale of two lives touched by the coming of King Arthur, and two hearts & souls struggling to come together against odds as great as those against Britain itself.

Only together will they survive, or else be sundered...forever.
